

The project called "Spread the Knowledge"

University of Silesia in Katowice and GIS Forum - Croatian GIS Association realise a new project entitled "Spread the Knowledge" based on The Agreement of Co-operation signed by both institution in 2005. That project will be realise together with associated partners. Project is a sort of acknowledgement for experts contribution on the fields of informatics, geoinformatics, ecology, geodesy, cartography and other applied sciences connected with new computer solutions. The Editor Board will especially take care to launch young expert's papers from Croatia, Poland and other countries who want to join us in this project.
